AGREEMENT AND INSTRUCTIONS ON MEDICATION IN KINDERGARTEN AND SCHOOL

Agreement between parents/guardians and kindergarten/day care/school on medication

Child's name Date of birth

Kindergarten/school Department/class

There is an agreement between parents/guardians and kindergarten/school that staff can hand out medication according to current practices at the unit. Parents/guardians give permission to the staff to hand out medication. Parents/guardians ensure that appropriate medication is delivered to the kindergarten/school and that necessary information is given to the unit concerning medication.

Trondheim, date Signature of parent/guardian Signature of principal

Parents/guardians shall

1. Deliver sufficient amount of medication to the unit
2. Deliver any other equipment necessary to give medication
3. Provide an overview over all medication to be given, and written information about the medication. The overview about medications should preferably be signed by a physician. Deliver a new medical overview in case of adjustments.

The kindergarten/school shall

1. Store medications in a safe manner
2. Ensure that the child/pupil gets their medications according to this agreement and the medical overview
3. Have procedures to ensure that medication is handled and delivered in a responsible manner and that the one who dispenses medicine has the information and knowledge necessary.

This agreement is to be signed in two copies, one for parents/guardians and one for the kindergarten/school.
